Jim:

Enclosed is the check for the dual brake booster. Once again; thanks for the help on this. There is a vast improvement on the brakes, and after flushing and bleeding the system, you can stop on a dime, and get change back!

Recently took the car to the Chevy-Vette Fest in Chicago, and was judged 994 out of 1000 points. That speaks a lot of your workmanship. The biggest deduction was for the sill plates, didn't like the looks, even if they are the original ones. Rest was nickel dime stuff, was told there is never a 1000-point car judged.

Once again Jim, thanks for the help on this!

Regards

A handwritten signature in black ink that reads "Jim". The signature is written in a cursive style with a large, looping initial "J".
